MEMORANDUM FOR: Executive Committee Members  
Director of Personnel

FROM : Deputy Director of Central Intelligence  
SUBJECT : Follow-up on 6 June 1979 Executive Committee  
Meeting

As a result of the 6 June Executive Committee meeting, it is agreed that the Agency should move ahead in developing its own version of the Civil Service Senior Executive Service. The task force currently studying this issue should therefore focus on how such a system could be designed and implemented. On a priority basis, Messrs. Wortman and Fitzwater will report to me what resources will be required. The Senior Executive Service will serve as the framework for implementing the NAPA recommendations for an executive development program.
